A TUSCARORA SHARPER.

How a Levanting Telegraph Operator Redevilled the Wire.

[Times-Review.]

A. W. Shaw, for the last two months operator at the telegraph office here, yesterday morning hired a horse at the stable of Kittridge & Stewart, for the purpose of taking a pleasure trip to Jack Creek. He has not yet returned, and circumstances which have since come to light render it certain that his objective point is the metaphorical land of the twining woodbine. On Sunday the wire was found to be cut near Smith's lumber yard, just out of town, and after it was fixed there still being no communication with Elko, it was supposed that another severance had been made further out on the road, and a messenger was sent out to make the necessary repairs. He returned, however, without being able to discover anything wrong, and Billy Muncy, whom the levanting lightning manipulator engaged to attend to the office an hour or two on Sunday, was at his wit's end to discover the cause of the trouble until about noon yesterday, when by the merest accident, he found that the cut off in the plug had been wound with copper wire as fine almost as silken thread, effectually shutting the office off from communication with the outside world. Shaw had had evidently done this to prevent, as long as possible, his flight from being known at the other offices on the line. He has, since he has been here, gambled a great deal, and it is probable that it is his default to a considerable amount. It is thought that he has gone either in the direction of Idaho or Utah, and the chances are out a horse, saddle and bridle. Another operator will arrive here to-morrow morning, and in the meantime Mr. Muncy will attend to the business of the office.

[Pictorial Notes.]

[Stockton Independent, Sept. 9.]

Thomas Geer, a farmer of Grayson, Stanislaus county, informs us of a natural curiosity which we have never seen described, but which is of interest to science. He states that many years ago, when hunting in the Coast range, somewhere in San Luis Obispo or Ventura counties, the pursuit of a wounded deer led him into a very wild, region of rocky canyon and vertical cliffs. Suddenly he came to a deep recess in a cliff, protected by an arching, overhanging rock. In the interior, on the face of the wall, he found a number of rude carvings in base relief, of birds, animals and human beings, all illuminated with some sort of red pigment, which he took to be cinnabar. He has never been to the place since, but thinks he could find it again. He believes there must have been in the vicinity ancient ruins of dwellings of some by-gone race, like the cliff dwellings of Arizona. H. H. Bancroft in his "Native Races of the Pacific States" makes frequent mention of rock sculpturing and cliff painting in Arizona, Peru, Central America, and elsewhere, but not in California. They are known to exist in the Inyo range, on the boundary between California and Nevada.

After Tom Lawton.

A Sacramento paper says: Last Friday's express train for the East had on board Deputy Sheriff Robert Harrison and a double-barreled shotgun, en-route for Eastern Nevada in search of Tom Lawton. We received Saturday the following dispatch from the officer under date of the 7th: "From the statement of J. A. Blossom it is evident that the man that sold the watch was Tom Lawton. Will learn soon." Harrison is unfortunately over three weeks behind Lawton, but he will be very apt to close upon him if he strikes the right trail at once.

A Boy Falls From a Cliff.

SANTA CRUZ, Sept. 10.—Yesterday afternoon, ten miles up the coast, on the San Vicente Rancho, opposite Chalmers' dairy, a lad aged 12 years, son of Joaquin Majors, while fishing, fell from the cliffs to the rocks below, a distance of forty feet, and fractured his left wrist, the bone protruding. The left leg was broken in two places, as also were several of his ribs. The boy sustained severe injuries about the head and face. His escape from instant death was miraculous. At present little hopes are entertained of his recovery.

Persecuting the Saints.

SALT LAKE, Sept. 10.—In his charge to the grand jury to-day, Judge Foreman of the Second United District Court, instructed them to find indictments against all polygamists in the district. He told them it was a bolt on the government that must be wiped out. He is the same Judge who sentenced John D. Lee to be shot, and he believes in enforcing the laws to the letter.

A small steamer, the Nardino, from St. Charles for St. Louis, on Sunday, struck a snag about a mile above the mouth of the Missouri river and sank. Louis Wilkinson (colorado), Charles Everett and a man named Dunlap are supposed to be drowned. The boat and cargo are a total loss.

THE MAINE ELECTION.

No Governor Elected.

PORTLAND, Sept. 9.—One hundred and fifty towns gave Connor (Rep.) 30,387; Garclion (Greenback) 14,055; Smith (Dem.) 21,561. Connor lacks 5299 of a majority. The same towns last year gave Connor 28,337, the Democrats 21,406, the Greenbackers, 3476, scattering 239. Connor's majority, 3232. If the vote continues as it is in these towns the aggregate vote will be about 120,000. The Democratic vote continues to fall off and the Greenback to increase. The indications are that the Greenbackers have polled 33,000 to 40,000.

Reed (Rep.) is re-elected in the First District by probably 3300 plurality. Frye (Rep.) is re-elected in the Second, and Lindsay (Rep.) in the Third. Powers (Rep.) is defeated in the Fourth by Ladd (Dem-Greenback), and Hale is probably defeated in the Fifth by Murch (Greenback and Labor Agitator), although there was a Democrat in the field.

As no candidate for Governor has received a majority, which under the law is necessary for an election, the contest will be thrown into the Legislature. Of this the Upper House will probably be Republican by a greatly increased majority, but how the Assembly will stand cannot be decided to-night. It is probable, however, that the Democrats and Greenbackers will have a majority, Connor, the Republican candidate for Governor, has a large plurality over any one of the opponents, but he falls several thousand votes short of a clear majority.

A HARD MONEY MAN

Who Has no Faith in the Currency of the East.

[Virginia Chronicle.]

Yesterday afternoon an old fellow, who had some time worked at the sluice-boxes in Six-Mile Canyon, sold his Sierra Nevada and came out \$7500 ahead. He went to his broker and remarked that he was going East to see the folks, and guessed he'd take the money along.

"You want a draft on New York, I suppose."

"No draft for me. I want coin—gold twenties is what I came for."

Here he placed a brown leather valise on the counter and told them to pile in the money.

"I'm going to take this sack all the way to New York myself."

"You can get the gold in New York and save the bother of carrying the coin along," remarked the clerk.

"You can't play gold in New York on me; they don't have any there; the last time I was there I never set my eyes on even a two-and-a-half piece. Now just dump the coin in this sack. I want good solid Comstock money. No paper in mine."

He was given the coin as desired, and last night he was on the train with the carpet bag alongside of him.

The chances are that the first third-card monte sharp that falls in with that fellow will relieve him of his pile.

Agricultural.

(Sacramento Dec.)

We have from the Department of Agriculture at Washington a pamphlet showing the condition of crops in the United States for the year 1878, all reports and detailed statistics having been received there officially up to August 1st. In calculating on the various crops only those States which raise sufficient of the particular staple to be worthy of notice are counted. In corn eleven States are above the average, 34 average, and 21 below the average. Spring wheat, 2 above and 14 below. Spring rye, 6 above, 3 average, and 7 below. Oats 11 above, 4 average, and 30 below. Barley, 3 above, 7 average, and 13 below. Buckwheat, 5 above, 3 average, and 16 below. Irish potatoes, 14 above, 3 average, and 19 below. Sweet potatoes, 8 above, 1 average, and 16 below. Tobacco, 4 above and 17 below. Timothy hay, 19 above, 4 average, and 8 below. Pasture, 23 above, 2 average, and 10 below. Sorghum, 4 above and 16 below. Sugar-cane, 4 above, 1 average, and 3 below. Apples, 7 above and 36 below. Peaches, 5 above and 24 below. Grapes, 3 above, 1 average, and 30 below. California is given as follows: Corn, Irish potatoes, timothy hay, clover hay, pasture, beans, sorghum and peaches, above; Spring wheat, Spring rye, oats, barley, sweet potatoes, apples and grapes, below.

A Thoughtful View.

[S. F. Stock Exchange.]

At the Home of the Inebriates last month, eighty-five cases were treated, or eleven less than in July. This is a miserable showing for the number of saloons in this city. When it takes about sixty gin-mills to produce one case of jim-jams, thoughtful drinkers will begin to think it time they got more whiskey and less water for their money.

Over six hundred bodies have been recovered of persons drowned by the disaster to the excursion steamer Princess Alice. A large majority of the bodies have been recognized. Eighty-three that could not be identified were buried at Woolwich on Monday.

A Good Suggestion.

[From the Burlington Hawkeye.]

SPECIAL NOTICES.

Don't Forget it.

If you are troubled with nervousness, are disheartened, tired of life, fear death or feel out of sorts, as the saying is, you may safely conclude that you have the Dyspepsia or Liver Complaint. The liver is very apt to become torpid at this season of the year, as poisons arising from marshes, stagnant water are more numerous, and are, through inhalation, taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above mentioned symptoms surely follow, and if not heeded, end in more terrible diseases and death. White's Liver Cure proves itself the great liver panacea. Its action on the liver is different from any medicine ever compounded. Its cures are truly wonderful. Try it. Price, twenty-five cents and seventy-five cents. For sale by our druggists, Osgood & Son-Makers.

MR. DAGGETT'S WITHDRAWAL.

Hon. R. M. Daggett's withdrawing from the gubernatorial canvass has disappointed his friends. Many who admired his ability, and volunteered support, will be disappointed, and many more who have praised Mr. Daggett for his strength and loyalty to party will be surprised that the leading paper of Nevada should be by its able editor identified with personal disappointments at the cost of the party. Mr. Daggett's card looks very much to us like a direct assertion that Batterman has been successful through unfair influences, and remembering Mr. Daggett's accredited political sense it concerns the party nearly that people shall know the reason for such an assertion. Mr. Daggett says:

An overwhelming combination of the powers that be, or assume to be—and I believe it includes the most of them of consequence—has rendered a contest by me in Storey county a ghastly mockery as a fair expression of the will of the party has been placed beyond my reach.

I have done the Republican party some service, and have made for it some sacrifices; and I humbly plead both in extenuation of a disqualification at this time to bind myself in closer relations with the party by accepting laughter in its name, even in a single county; nor am I willing that the strange results which would inevitably follow the primary elections in Storey county tomorrow, were I to permit myself to take part in them, should be accepted as a full, free and fair expression of the will of the Republican party.

Coming from Mr. Daggett all men may read these sentences just as they are written. Mr. Daggett can write plain English, and always aims to do so. He has here said, then, that his party has been short-sighted, that an opponent has succeeded unfairly, and that he refuses to "identify himself more closely" with the party. This is strong language, and Mr. Daggett owes it to his friends that such assertions should be explained. We do not believe that they are made in an irritated or surly mood. Mr. Daggett possesses too much good sense to show any such spirit even if he were tempted. To our mind there is a plain intimation that an attempt is making which a good Republican believes will weaken his cause. If this be the case, there is but little time in which to explain matters, and Mr. Daggett should speak in the interests of his party for which he desires success.

Mr. Daggett has handicapped Batterman, and it is but fair that the why and wherefore should be known to the party. A matter explained may prove of no concern, a dark hint or insinuation, however, remains to be used in exaggerated forms by the common enemy. The gubernatorial affair in Storey has been a remarkable affair. Can not this last misstep be explained?

A HEARTY ENDORSEMENT.

In another portion of this paper will be found an article from the Tybo Sun, endorsing the claims of A. J. Hatch for Surveyor-General. The Sun man is evidently in earnest about the matter, and we have never heard any valid arguments advanced against his opinion of Mr. Hatch. We believe, besides, that the aspirant named above is now the only Washoe county man who is announced for State honors.

EDITORIAL NOTES.

H. R. Mighels, Speaker of the last Assembly, has long been recognized as one of the most deserving and able men who have taken place upon the State ticket. Ormsby county, where Mr. Mighels is deservedly popular, has just elected a delegation which is favorable to his claims, and the press has very generally recognized that the party owes Mr. Mighels generous recognition for his services. We are perhaps partial to this pen fraternity, but we are liable to no contradiction in saying that the subject of this note is one of the ablest men of this coast. His services during the war and since in his legislative capacity have been marked for firmness and ability. If elected Lieutenant Governor Mr. Mighels would leave behind him an enviable record.

It was with considerable concern that we learned from the San Jose Mercury yesterday, that a curious case of hydrophobia had been reported from Norfolk, Va., where a young man had died with all its symptoms from the bite of a pet owl. At once we proceeded to the editorial magazine

and with a single well directed blow with a shovel scattered the brains of our owl against the pier glass. Another blow did the business for a monkey and then we turned our ananconda loose in the garden of the merchant prince, who pays us rent for living next door. No hydrophobia for us, if you please.

Through private advices we learn that things are very much muddled in Storey county. There seems to be some dissatisfaction in regard to the appointment of an entire State Convention for Batterman, and rumors of a change are thick upon the streets. We hope that matters may be settled so that a fair expression may be had in the convention. The interests of the party would be worth consulting, it seems to us, in case individuals refuse to harmonize.

The dissatisfaction in Storey county is in a fair way towards settlement. The probabilities all point toward Kinkadee for Governor. We believe that Washoe county favors Kinkadee. Ormsby will in all probability follow suit in consideration of the bitterness which is shown against Connor in certain quarters. Gen. Connor is an honorable gentleman, and declares that he will not allow his own claims to interfere with the party success.

FOR SURVEYOR-GENERAL.

[From the Tybo Sun.]

None but live, intelligent men should be elected to office; and they should be men selected for their special fitness for the positions they seek. The Jeffersonian test, "is he honest? is he capable?" ought to be the guiding principle of nominating conventions. All other considerations should be of secondary importance. In the present canvass the claims of the respective parties to public confidence will be, on a great extent, gauged by the character and ability of the men they nominate for office. The office of Surveyor-General is one that requires both honesty and competency. We have only heard the names of two gentlemen mentioned in connection with it. One is the present incumbent, Gen. Day, and the other is A. J. Hatch, of Reno. Mr. Hatch comes up to the requirements in every particular. He is an old pioneer, respected by all who know him as a man of ability and unwavering integrity. Twenty-five years experience as surveyor and civil engineer have made him thoroughly familiar with every branch of the business, and qualified him in every respect to undertake the duties of the office of Surveyor-General. His home is in Nevada, and all of his family and property interests are identified with the State. While being a professional man he is at the same time a tiller of the soil. From a barren, uncultivated waste in the suburbs of Reno, he has, by a large outlay of money and intelligent tillage, reclaimed a beautiful farm, on which he resides with his family. Mr. Hatch has ever been the true and consistent friend of the workingman and the farmer. He is a Granger having organized nearly all the Granges in this State, and been identified with the movement ever since its inception. While sitting in the Legislature, as a member from Washoe, he won universal respect for his firm opposition to encroachment of monopolies, and his manly advocacy of the rights of labor. As chairman of the Committee on Public Lands in the Legislature of 1861, Mr. Hatch was mainly instrumental in passing the "Land Act" that became a law that session; and which gives a poor man the opportunity of buying 320 acres of land, with ten years time to pay it in. As the principal promoter of this measure for the benefit of the workingman, he deserves their individual support and good will. Few candidates can come before the people with as unblemished a record, and fewer still can submit their claims with as much justice. The Republican party can choose no stronger or more available man, nor a more deserving gentleman than A. J. Hatch for Surveyor-General. He is a good Republican, honest, capable and intelligent, the true friend of the people, and the enemy of monopoly.

Thieves Following Yellow Fever.

GRANADA (Mts.), Sept. 10.—The ravages of fever have left our city without a government or proper officers to protect the property of absent citizens, which is now exposed to the burglar and thief. The house of General Walthorn was entered by thieves last night, and despoiled of property to the value of five hundred dollars. Several stores filled with large stocks have been burglarized lately. The Howard Association cannot carry on the city government, hence we may expect similar acts to occur more frequently hereafter. Our city has been provided liberally by the sympathetic people of the country with funds and supplies of every kind, and we are indeed thankful. When our relief committee ran away, they deposited about five thousand dollars of the Granada sufferers' money in Memphis bank. The money cannot be drawn without their check, and they cannot be found. There is also deposited here in Lake's bank over six thousand dollars of Granada funds, but because of the sickness of the cashier, this money cannot be drawn.

A Fearful Fall.

NEW YORK, September 11.—A Times special says: The daughter of Geo. Compton, proprietor of the Summer house, near the Delaware Water Gap, fell a distance of 130 feet into the cataract of Bushkill Fall. Her father rescued her, but her injuries will prove fatal.

Death of Nobeling.

BERLIN, September 10.—Dr. Nobeling, who recently attempted to assassinate the Emperor, died to-day from the effect of his wounds.

VAULTING AMBITION.

Mr. Powning, Nevada's Great Journalist, Tells How He Jumped Over Himself.

The following remarkable editorial appeared in the Nevada State Journal this morning:

"Only for the purpose of setting ourselves right with our friends do we propose to answer some assertions 'that have been made within the past few days. It is a lie that we have attempted to 'pack' Mr. Wright for 'Judge under cover of a false candidacy. We did have an idea that 'possibly this youthful scribbler could obtain a position through which, while benefiting himself, might also 'in turn prove of substantial good to 'Reno and Washoe. True, we might 'have aimed too high; maybe the 'duties of School Trustee would be 'more to our hand, but we thought, 'say the least, that this youth could 'affix his name to a Controller's warrant with as much ease and gracefulness as 'chirography, for \$300 per month, as 'can Jewett Adams, Harry Mighels or 'Jerry Moore. That was one, if not 'the principal reason, that influenced us in being permitted to be 'abused for these many months. 'Likely, could we have succeeded, 'Reno would have derived some benefit and shared in 'some of the 'spoils.' The chances are that the 'position of Lieutenant-Governor, 'could it be secured by a Washoe 'countyite, might have a favorable 'effect upon some interest. There are 'better men for the position living 'amongst us than the writer, and it 'would have required no particular 'coaxing to have caused this young 'man to retire, had any of the older 'boys wanted the office. Also has 'this scribe always been ready to give 'way to any other man for any position on the State ticket, whenever 'the Republicans in these parts should 'so express themselves. And notwithstanding the result of the primary election, we feel confident, 'even though we say it ourselves, that 'eight out of every ten Republicans 'who voted on Tuesday, have the best 'of feeling for this young fellow, and 'would be pleased to see him presiding over the 'gray and reverend members of the Senate.' But there are 'tricks in all trades but politics, and 'had not false issues been raised, and 'above and beyond all, had not Mr. 'Yerington's countrymen been herded 'together and marched to the polls 'like sheep, in Brown's precinct say 'to the number of 80, this youthful 'scribbler, it could be justly claimed, 'had carried the county. Not that 'the delegates on the anti-Wright ticket are all against his Nibs, for we 'are prone to believe that there are a 'majority on that ticket who are as 'much his friends as would have been 'a like number on the ticket defeated. 'We leave it to Nathan, A. H. Hamlin, 'Cahlan, Wright and some of the 'others themselves. The so-called 'Powning ticket was defeated not because there was any real difference 'as concerned the Judgeship, but more 'particularly because Mr. Powning's 'candidate is not favorable to those 'corporations, which not only have 'considerable influence in this county, 'but more than likely also run the 'Conventions of almost any party.'

NEW ORLEANS, September 10.—

city, and the owner, panic stricken

about the fever, refused to permit

them to land. They returned here,

Mysterious Disappearance.

[Bodie Standard.]

J. A. Shreves informs us that about the 25th of July a man named Wm. V. Sprowl, who had been rooming with him in Bodie for some time, left town with the intention of hunting up some stock, in the direction of Bridgeport, since which time he has been heard nothing further about him. Sprowl, who was well known by the old pioneers of the district, he having been in this neighborhood for the past fifteen or sixteen years, left his clothing and some jewelry with Mr. Shreves, and went off in his shirt sleeves. He was a native of Ohio, but had lived several years in Illinois. It would seem probable that Sprowl had met with some serious accident or had been foully dealt with.

A New Kind of Champion.

[Nevada City Herald.]

The most ragged, dirty-looking individual we have seen for many a day, strolled into town this afternoon. He looked tired and hungry, and attracted considerable attention from bystanders. Some said he was a granger, others that he was a detective in disguise looking after Tom Lawton, the Tuolumne murderer, but the majority voted him a thoroughbred tramp. On inquiry it was learned that he was the champion brake-beam rider of the world.

MARTESEN-In Reno, September 11, to the wife of Martin Martesen, a son.

JOTTINGS.

—Campaign whisky is making the old stand-by happy these days.
—It has been pleasantly cool to-day and a pleasant relief from the regular scorches to which we have become accustomed.
—M. Nathan goes to San Francisco this evening for the purpose of laying in his fall stock of goods. He intends that it shall be very complete.
—Tramps are becoming quite numerous on our streets again. The citizens will soon be asking the officers once more some impertinent questions.
—Every citizen of Washoe county should constitute himself a committee of one to ensure the success of the grand ball which is set for October 3d.
—There will be a concert at the Methodist church a week from Sunday night. The proceeds will be forwarded to the yellow fever sufferers of the South.
—W. H. Strickland, general agent for Haverly's minstrels, is in town making arrangements for the appearance of that celebrated troupe here on Wednesday, the 25th.
—We are glad to see that that excellent paper, the Reno GAZETTE, has been compelled by press of patronage to enlarge. It is deserving of success.
—San Jose Mercury.
—Mr. Porter, delegate elect to the Republican county convention from Washoe visited Reno to-day, but the candidates made such a fierce attack upon him that he fled and drove out of town like a madman.
—For County Clerk.
C. R. Wickes announces himself in to-day's GAZETTE as a candidate before the Republican County Convention for the office of County Clerk. Mr. Wickes is an old resident of the county well known to our citizens, and in no need of commendation from us. There is still room for others in our columns, and the wise ones of Reno should keep in view the scriptural assertion that "the last shall be first" etc. At this writing Mr. Wickes is the last.

That Fifty Mile Race.

Saturday afternoon J. P. Smith, the champion fifty mile rider, will ride against time for that distance. He will attempt to make it in 2 hours and 10 minutes, using ten horses. If he wins he will be in \$250. After this feat there will be a half mile dash between Norcross' black mare, Beale, Lake's filly and a horse belonging to Mr. Smith.
As will be seen by announcement in the advertising columns of the GAZETTE, Haverly's famous minstrel troupe will give a performance at Smith's Academy of Music on Wednesday evening September 25th. This is the foremost minstrel company in the country and there is sure to be fun. Secure your seats early.

Polygamy To-Night.

Mr. Carver has consented to give a second lecture in the Methodist church this evening. Subject, "Polygamy." All are invited. Mr. Carver will endeavor to make his subject entertaining, as well as instructive.

New York Bakery and Restaurant.

A. P. Dallam inserts an advertisement in to-day's GAZETTE, which announces him still ready for business at the old stand. Bread, pies, cakes, cold lunches and all supplies needed by travelers at the New York bakery and restaurant.

Pavilion Ball.

The ball for the benefit of the pavilion fund will take place on the evening of October 3d. The committee want bids for the cigar stand, bar and supper privileges, either separately or for all three. Address John B. Williams, Recorder's office.

A CITY EXCITED.

Terrible Scenes at Pooville on Tuesday Last.

Editor Gazette.—Yesterday was a great day for Pooville. At the earliest dawn the citizens were abroad and when the sun was an hour high the streets were thronged with men, women and children, all evidently moved by one common excitement. As the day advanced the excitement increased until during the afternoon it rose to a pitch bordering on madness. I need scarcely tell you that the occasion for all this was the holding of the Republican primaries. One would have thought that the strain of the day would have exhausted the people. Not so, upon the close of the polls so far from there being any abatement of feeling it seemed to grow. Bonfires were lighted and their lurid glow was cast upon the dense mass of black pines upon the mountain side, lighting up Pooville and giving it a weird uncanny picturesqueness. A vast crowd surged in the street before the principal hall, and men talked in hoarse whispers as they clung to one another, and waited for the busy clerks to complete the canvass of the votes. Deep and breathless was the anxiety. At last a placard was held of the window. A great terrible shout rent the air and went booming and reverberating up the sides and through the canyons of the great Sierra. Men tossed their hats in the air in exultation, others with contracted brows cursed bitterly and walked moodily away. Here was the placard:

TOTAL VOTE—31

ALL AGAINST WRIGHT!

It was a great day for Pooville, and we haven't recovered from the terrible pull upon our feelings yet.

Sept. 11th.

Ormsby's Primary.

(Carson Appeal of Wednesday.)

Carson is certainly one of the most peace-observing of cities. In all the excitement attending the election of yesterday, not an angry blow was struck, not an arrest was made, not even a war of words took place to disturb the general harmony. The contest was warmly conducted and much interest taken by all concerned. The result indicates that the so-called "unpledged" tickets were not as popular as it was predicted by their friends they would prove to be. The vote was very close, however, and the result of the struggle upon the State delegation is highly gratifying to the persons whose friends were successful in securing the same. Only 451 votes were polled—a very light vote indeed for this precinct. Following is a list of the delegates elected to the State Convention: E. F. Gibson, O. P. Willis, Henry R. Whitehill, George Gillson, Charles Wilson, Alfred Helm, Aaron D. Treadway.
The delegates elect to the County Convention are as follows: O. P. Willis, W. D. Keyser, Cole C. Atherton, B. F. Slater, O. T. Barber, H. T. Dunning, T. J. Edwards, A. Lewis, J. W. Spurgeon, A. B. Driesbach, John D. Kersey, M. D. Hatch, A. D. Shane, George A. Tyrrell, J. H. Martin. The average majority received by these delegates was seventy, or thereabouts.

Mill Prelect.

The vote at the Republican primary at Mackey & Fair's camp on Tuesday last was polled very quietly. The vote was pretty evenly divided between the Wright and anti-Wright tickets. The following gentlemen received the highest number of votes: John Cahlan, 47; Wm. Duck, 37; J. C. Smith, 27; T. K. Hyman, 33; J. C. Chase, 27; L. L. Crockett, 33; J. W. Holbrook, 27; J. F. Paige, 27; R. H. Wright, 48; J. C. Haynes, 27; W. E. Price, 27; Wm. M. Boardman, 28; P. N. Marker, 28; S. A. Hamlin, 28. The general majority of the Wright delegates was 6. The following county delegates were elected: R. H. Wright, A. H. Hallister, O. A. McKee and not John Murphy as heretofore published.

Pavilion Matters.

The pavilion is getting into shape rapidly. The roof was boarded over to-day, and this afternoon the work of laying on the shingles was commenced. There are now seventeen men employed. After this week the force will be cut down to ten or twelve. About two weeks from now the lower story will be ready for the reception of exhibits. Two rooms in the pavilion will be rented for the vending of refreshments during the fair. The privilege of furnishing supper on the night of the opening ball will be sold for the benefit of the society. The supper could be spread in the lower story, as there will then be tables set up for the display of exhibits.

A Human Beast.

A thing that looked something like a man was caught tampering with a six-year-old girl in the hall-way of the Odd Fellows building this afternoon. The citizen who caught him gave him a beating and arrested him. Neither the Justice of the Peace nor the Constable took the trouble to learn the thing's name hence the GAZETTE reporter is unable to publish it. Lynching is being discussed.
The thing is said to look like a tramp and to be about 28 years old. He was seen on Second street to-day making himself familiar with little girls on their way to school. During the past few days a number of children have complained to their parents that a man had made indecent exhibitions before them. The supposition is natural that this creature is the offender. He could find no lawyer to defend him in Judge Richardson's Court this afternoon. They all turned from him in disgust. The father of the child who was tampered with was waiting with a length of gas pipe to lay it upon the skull of the beast, but was restrained from violence.

Delegate Meeting.

Last night ten of the State delegates elected at the Republican primary on Tuesday last, held an informal meeting. The meeting was occasioned by the intended departure of M. Nathan for San Francisco to-night. Mr. Nathan desired to leave the delegation in harmony upon the main issue, and hence desired to see the disposition of his proxy satisfactory to the rest of the delegation.

The delegates who were present agreed unanimously to support Hon. C. S. Varian for Judge of the Second Judicial District.

An informal discussion was also held regarding the gubernatorial question, and the opinion was decidedly favorable to John H. Kinkaid, of Unionville. No direct agreement, however, will be attempted upon the gubernatorial question for a few days.

The GAZETTE is glad to know that the delegation will be a unit upon the anti-Wright proposition and hopes to see the vote cast for Kinkaid.

A First-Class Notice.

[Austin Revell.]
Although we differ with the Reno GAZETTE on some matters of policy, we cannot help remarking that it is at present one of the best edited, most lively, spicy, readable and best printed sheets published in Nevada. Every issue is brimful of good things deserving of reproduction, and we feel annoyed that circumstances are such that we are unable to copy some of them every day. This is no you-tickle-me-I-tickle-you puff, but is in dead-square, downright earnest.

I. C. of R. C.

The Independent Champions of the Red Cross of Virginia city will come down on Friday and join with the Reno members of the order in a private session at their hall. The Red Crossers will then repair to the Baptist church where there will be a musical and literary entertainment, after which an adjournment to the opera-house where a social dance of the Champions and their friends will take place. The Reno band will furnish the music.

Job Work Solicited.

Legh R. Freeman called last evening at the GAZETTE office and left his card, which shows him to be the editor of the Ogden Freeman. Mr. F. has come all the way from Utah to solicit job work, which shows him to be a man of more enterprise than judgment, for we venture to say that we can remove the stockings from off the Freeman office in that line ourselves.

FELLOWS' Compound Syrup

HYPOPHOSPHITES.

THIS DISCOVERY

Is the result of a series of Scientific Experiments based upon the theory that "for the successful cure of Wasting Diseases, the nervous system must be made vigorous and healthy."

One of the first symptoms of disease affecting either the Liver, Lungs, Heart, Stomach, or Genital Organs, is a loss of nervous power. This is followed by muscular relaxation, weakness, and emaciation of the system. The muscles and nerves depend upon each other for efficient strength and action, and they must be treated together in order to speedily and permanently cure diseases of the organs which they control, become convinced, after months of experiment, that no other preparation produced such potent and direct effects upon the nervous system as his

Compound Syrup of Hypophosphites

and except in cases of actual organ loss, that it would restore patients suffering from those maladies.

Amongst the diseases overcome by the use of this remedy are the following:

Chronic Constipation,
Chronic Dyspepsia,
Asthma,
Chronic Bronchitis,
Consumption,
Chronic Diarrhea,
Chronic Laryngitis,
Melancholia,
Nervous Debility.

Debility, resulting from Typhoid and other fevers, Diphtheritic Prostration, Hysteria, or Wasting of the Muscles, Aphonia or loss of Voice, Singing of the Lungs, leading to Emphysema, and all other diseases of the Lungs and Air Passages leading to chronic and Debility from various causes.

Indigestion and habitual Constipation almost always arise from weakness of the muscles and nerves of the stomach and bowels. In such cases, Fellows' Compound Syrup of Hypophosphites has proved itself of the greatest service by inducing healthy peristaltic action of the intestines. The evacuations soon become copious and healthy, without producing the effect of purgative medicine.

Weakness of the Joints and Muscles, IMPURITY OF THE BLOOD, and INWARD WASTING may be cured by attention to the regular described doses, and by due regard to the habits of life.

FELLOWS' Compound Syrup of Hypophosphites

The power of arresting diseases displayed by this preparation is honorably acknowledged by the medical faculty in every section where it has been introduced, and the large sale is the best guarantee of the estimation in which it is held by the public.

This Syrup will cure PULMONARY CONSUMPTION in the first and second stages, will give great relief and prolong life in the third. It will cure ASTHMA, BRONCHITIS, LARYNGITIS and COUGHS. It will cure all diseases originating from weakness of MUSCULAR ACTION and NERVOUS FORCE.
